

National Association of Women in Construction  
Kalamazoo / Battle Creek Chapter #302

Website: [www.nawickalamazoobc.org](http://www.nawickalamazoobc.org)

Join us for our monthly Program, Event, and Projects (PEP) Meeting:  
**Pipe Scoping at Terra Contracting Services, LLC**

This month's meeting will feature a discussion with Dave Balogh, Terra's Vice President of Underground Infrastructure Services.

This program will help you to expand your knowledge of the world of underground pipe scoping. Learn the basic ins and outs, the technologies involved and walk away with a broader understanding of the big business flowing beneath your feet!

To be held on:

**Wednesday, November 20, 2013, 5:30 pm to 7:30 pm**

Located in the conference room at:  
**Terra Contracting Services, LLC**  
5100 West Michigan Ave.  
Kalamazoo, MI 49006

There is parking in front of the building, as well as behind the building (by following a dirt drive adjacent to the facility).

Terra employs several technologies to provide clients with in depth and accurate data of their waste water collection systems and other material conveyance pipelines. Relying on NASSCO certified PACP reporting software for defect coding and employ a range of pipe scoping technologies including closed circuit TV investigation, laser profiling, PANORAMO & PANORAMO SI technology, and sonar investigation.

Food and beverages will be provided for the group courtesy of Terra Contracting Services, LLC  
Please RSVP by November 18, 2013 (noon) for the meeting
