Women in Construction

Kalamazoo/Battle Creek, MI

Measurement, Monitoring, & Materials:

Engineering Support for
Complex Construction

Lunch & Learn

2255 W CENTRE AVE | PORTAGE, MI 49024 - 2ND FLOOR EVENT SPACE

ABOUT THE EVENT

Join us for an in-depth look at specialized geotechnical and construction materials engineering services. Through real-world case studies, this session will highlight how strategic testing and monitoring solutions help project teams better understand risk, enabling confident decisions that impact budget and schedule.
